

Product description **Contacts: 4, female cable connector, blue**

Area **Snap-in IP67 Series 620**
Order number **99 9210 060 04**

Illustration

Scale drawing

Contact arrangement

	X	Y
1	-1,55	-1,55
2	-1,55	1,55
3	1,55	1,55
4	1,55	-1,55

You can find the component part drawing on the next page.

Technical data

General values

Connector design	Kabeldose
Connector locking system	schnapp
Termination	löten
Wire gauge (mm)	0,25 mm ²
Wire gauge (AWG)	24
Cable outlet	3,0 - 5,0 mm
Upper limit temperature	85 °C
Lower limit temperature	-25 °C

Electrical values

Rated voltage	125 V
Rated impulse voltage	1500 V
Pollution degree	2
Overvoltage category	II
Insulating material group	II
Rated current (40 °C)	2,5 A
Volume resistivity	≤ 3 mΩ
EMC compliance	nicht schirmbar
Degree of protection	IP67
Mechanical operation	> 500 Steckzyklen

Material

Contact material	CuSn (bronze)
Contact plating	Au (Gold)
Contact body material	PA (UL 94 V-0)

Sicherheitshinweise

The connector must not be connected or separated under load. Non-observance and incorrect use can result in personal injury.

The connectors are designed for use in plant, control system and electrical equipment. The end user is responsible for checking whether the connectors are suitable for use in other applications.

To prevent the connector being opened unintentionally when used in electrical circuits containing hazardous life parts, the thread between the housing and the connector head must be secured using a suitable cyanoacrylate adhesive. This does not apply to connectors used in SELV and PELV circuits according to IEC 61140 (EN 61140, VDE 0140-1).

Connectors used in electrical circuits containing hazardous life parts must only be assembled and used by or under the supervision of persons with the requisite electrotechnical training, taking the applicable regulations and standards into account.

Connectors with degree of protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the connectors must be separately protected against corrosion. For further information about IP degrees of protection refer to 'Technical support' in the Download Centre.
